Bearcat 885

Why didn't someone think of this before? The **Uniden BearTracker 885** is 40 channel **CB** radio plus digital TrunkTracking scanner receiver. Enjoy the convenience of a top quality CB and keep up-to-date with current public safety activity anywhere in the US and Canada by scanning for police, fire, ambulance, and/or DOT radio traffic. And do not worry about changing scanner programming as you drive. The included GPS allows the BearTracker 885 to automatically select nearby channels from its nationwide database! The database includes known analog and digital channels, so all you have to do is drive and listen! Scan system includes conventional analog, Motorola, LTR, EDACS, APCO P25 Phase I and Phase II with coverage of VHF, UHF and the 700/800 MHz bands. The CB portion includes all 40 channels, at the full legal 4 watts. You will get the BearTracker Warning System that alerts you when nearby public safety transmissions are detected. CB enhancements include: 7 color display, SWR meter, RF Gain, NOAA weather alert, PA (public address), antenna check, vehicle power check, noise-canceling microphone, CB/Scan priority selection, priority channel and scanning. The rear panel features an SO-239 jack for the CB antenna, and a BNC jack for the scanner antenna. Antennas sold separately. List \$450.00 Order #3885 **\$419.95**

■ Universal Radio News

In October Universal Radio will move its operations to a more efficient location here in the Columbus, Ohio area where we can continue to serve our loyal customers. This will be the fourth location change since Universal was founded in 1942. We look forward to many more years of serving the amateur and short wave communities which Universal Radio has done for 75 years. Watch our website for the exact October moving date. New location:

■ Light & Air Anywhere

FANLED

The **Cyclops FAN-LED** is a true multi-mission device. It provides a variable speed fan and 18 LED light source. The fan and light can be used independently or together. It operates from 2 "D" cell batteries (not included). The efficient design provides up to 50 hours of low speed fan, 30 hours of high speed fan, 37 hours of illumination or 16 hours of combined fan/light. A great way to stay cool and "see the light" anywhere! In a tent, in an RV or at work. A great addition to your preparedness stash or to have the next time the power goes out. The handle/hook lets you hang it anywhere, and the light bar converts to a fan stand. List \$24.95 Order #3340 **\$16.98**
