

etON ELITE FIELD

**FREE
carry bag!**

The **Eton Elite Field** keeps you in touch with the world wherever you are. It receives AM, FM and complete international shortwave coverage from 1.7 to 30 MHz. There is a built in digital clock timer. This radio features RDS - Radio Data System that enables FM broadcasters to deliver more than just an audio signal, but also to transmit alphanumeric data, like the station's call letters, style of music, song title, artist and more. It can even display the temperature. Plus, its wide-narrow bandwidth selection improves audio fidelity and minimizes noise. Separate Bass & Treble knobs tailor the sound to your taste. All this, and the radio's larger size combine to be one of the best sounding portables available today. The memory system stores 50 stations: 10 AM, 10 FM, 10 SW-1, 10 SW-2 and 10 SW-3. The AM band can display in 9 or 10 kHz increments. There is a Local/DX switch and battery status icon. Display brightness may be set to Low, Medium or High. Antenna jacks are provided for both MW or SW/FM antennas. Operates on four D cells (not included) or supplied AC adapter. This latest version adds Bluetooth® technology to allow you to wirelessly play your Bluetooth® music player, Smartphone or other device through the radio! With printed English/French/Spanish owner's manual. 12.4 x 6.9 x 3". **Elite Field** Order #0196 \$129.95

Optional deluxe carry bag for Eton Field BT. Order #3446 \$59.95

Included **FREE** with your **Elite Field** for a limited time.

Also includes our informative two page **Welcome to World Band Radio** quick-start guide.

Real Dual Band Operation (V+V, U+U, V+U, U+V) is available with two independent receivers, and the FTM-300DR supports simultaneous C4FM digital monitoring for both the A and B bands. With 2-inch QVGA TFT color display, built-in Bluetooth, Band Scope, 3 watt audio to two external speaker jacks, extended rx, Digital ID, SD card port, Group Monitor, positional awareness from built-in GPS. List \$540.00 Order #1350 **CALL/WEB**

This new model is expected mid-April, 2020

C.CRANE CC RADIO 3

New!

The **C Crane CCRadio 3B** is the latest member of the legendary **CCRadio** family and continues as a quality radio designed for talk radio, news, sports and weather. The new 3B version is the first to include Bluetooth® to wirelessly connect to your audio source. The clear backlit LCD display has three levels or "off". Separate Bass and Treble controls, combined with the 5 inch speaker, provide a full sound. A mini headphone jack (3.5 mm) is also provided. This digital radio tunes AM, FM, NOAA weather and even the **2 meter amateur band** (144-148 MHz)! Five stations can be stored on each band. The Weather Alert (flashing light, NOAA audio or flashing light & siren) notifies you of an emergency update even while you are listening to AM or FM. Operates with supplied AC cord or can use four D cells (not supplied). Other features include: programmable timer, clock alarm, sleep timer, audio in/out jacks, signal strength meter, battery strength meter, audible band indicator, FM stereo through headphones, and external AM antenna terminals. In black mica case. 11W x 6.5H x 4D inches. 4 lbs. **CC3 Black** Order #0503 \$199.95

COMET HFJ-350M

The **Comet HFJ-350M** provides the ultimate in portability for major ham bands 80 through 6 meters. The amazing 3-piece design disassembles to under 10 inches. It covers the 3.5, 7, 10, 14, 18, 21, 24, 28 and 50 MHz bands. Maximum power is 75 Watts SSB on 80 meters and 100 Watts SSB on 40 through 6 meters. Band selection is made by positioning the supplied jumper cable. This antennas requires a counterpoise and antenna tuner. The HFJ-350M antenna terminates to a PL-259 [M]. Extends 63.4 inches and collapses to 14.6 inches.

HFJ-350M Order #1350 \$99.95

PARADANradio ANT DISCN1

The **Paradan Antenna Disconnect**

protects your radio in two ways. When your radio is **on**, it prevents static-discharge, surges and lightning-strike effects via a gas discharge tube on the coax line input. When it senses your radio is turned **off** the antenna's signal and ground wires are shorted together and grounded plus **both** the coax center and coax ground are disconnected from the radio. When the radio is powered **on**, the actuator reconnects the antenna for normal operation. A great insurance policy for your radio. The required 12 Volt power for the actuator comes from the transceiver's auxiliary power socket (or your 12VDC power supply). Operation is 1.8 - 54 MHz up to 1.5 kW. Insertion loss @29 MHz <0.05 dB, @54 MHz <0.3 dB. Made in U.S. List \$110.00.

ANT DISCN1 Order #4738 \$94.95

ANT DISCN2

The **Paradan Dual Antenna Disconnect** is similar to the above, but automatically disconnects **two** antennas from your radio and grounds both antennas.

ANT DISCN2 Order #2356 \$179.95
