# ETON

## ELITE 750

The famous *Grundig Satellit 750* is now available as the **Eton Elite 750**. This exciting portable brings the world to you! You will get complete coverage of long wave (100-519 kHz), medium wave and shortwave frequencies as well as FM (stereo to the earphone jack). Plus the Elite 750 also receives the VHF aeronautical band (118-137 MHz). Your shortwave coverage includes the reception of the single sideband (SSB) mode allowing the reception of ham radio operators, maritime and shortwave aeronautical stations. You can select either wide or narrow selectivity to reduce co-channel interference. You can tune your favorite stations by the conventional tuning knob, quick keypad entry or via the 1000 memories. Two speed tuning increments (1 and 5 kHz) are available. And you will enjoy the fidelity you have come to expect from Eton-Grundig - enhanced by separate bass and treble controls. The radio features both an Earphone Jack and a Line Output Jack. The built in 24 hour clock has a dual alarm and a sleep feature. This radio can simultaneously display the frequency and the time on the large backlit LCD. It will also indicate external/internal antenna selection, battery status, memory, selected bandwidth and attenuator status. Long distance AM band reception is possible with the built-in 360° rotatable, directional ferrite antenna. External antennas may also be attached. 14.65 x 7.24 x 5.75 inches 5.25 lbs. Includes AC adapter or may operate from four D cells (not supplied).
