

Sophisticated monitoring with Icom receivers.

ICOM[®] IC-R30

Tune in the world where ever you go. The Icom IC-R30 covers 100 kHz to 3304.999 MHz (less cellular). Reception modes include: FM, WFM, AM, USB, LSB, CW, D-STAR[®], APCO P25 Phase 1, NXDN[®], dPMR[®] and DCR(*SSB, CW and digital modes: 0.1 MHz–1.3 GHz). It includes 2000 memories, scanning at 200 channels/second, NB, RF Gain, voice synthesizer, built-in

Bluetooth[®], spectrum display and dual receive including analog/analog and analog/digital. It even supports dual record. The integrated GPS receiver displays your current position data, course, speed and altitude on the display. GPS data can also be saved in recorded audio files. R30 can list up to 50 stations within 99 miles from your current location (the position data of each station must be preprogrammed in the Memory channels). The USB port can charge the R30, perform data transfers including memory loading and support CI-V remote control. The radio has a microSD card port, microUSB port and is built to robust IP57 standards. Optional CS-R30 software for Windows 7, 8.1 and 10. The R30 comes with SMA telescopic antenna, BP-287 Li-ion battery pack, belt clip, hand strap, AC power adapter, BC-223 rapid-charge drop-in tray and printed manual. Please visit: www.universal-radio.com for more info and pricing on this cool radio.
