

# Quality Radio Equipment Since 1942

## ELITE 750

### Back by popular demand ...

The famous *Grundig Satellit 750* is now available as the **Eton Elite 750**. This exciting portable brings the world to you! You will get complete coverage of long wave (100-519 kHz), medium wave and shortwave frequencies as well as FM (stereo to the earphone jack). Plus the Elite 750 also receives the VHF aeronautical band (118-137 MHz). Your shortwave coverage includes the reception of the single sideband (SSB) mode allowing the reception of ham radio operators, maritime and shortwave aeronautical stations. You can select either wide or narrow selectivity to reduce co-channel interference. You can tune your favorite stations by the conventional tuning knob, quick keypad entry or via the 1000 memories. Two speed tuning increments (1 and 5 kHz) are available. And you will enjoy the fidelity you have come to expect from Eton-Grundig - enhanced by separate bass and treble controls. The radio features both an Earphone Jack and a Line Output Jack. The built in 24 hour clock has a dual alarm and a sleep feature. This radio can simultaneously display the frequency and the time on the large backlit LCD. It will also indicate external/internal antenna selection, battery status, memory, selected bandwidth and attenuator status. Long distance AM band reception is possible with the built-in 360° rotatable, directional ferrite antenna. External antennas may also be attached. 14.65 x 7.24 x 5.75 inches 5.25 lbs. Includes AC adapter or may operate from four D cells (not supplied). One year limited manufacturer's warranty.

**Eton Elite 750.**

Order #1750

**\$399.95**

You can tune the world on your Elite 750 via a conventional tuning knob, keypad entry, Up-Down buttons or memory selection.

Separate bass and treble controls allow you to tailor to your listening tastes. Quality metal knobs are featured.

Switchable BNC jacks are provided for FM and shortwave antennas. High impedance (500 ohm) terminals are provided for simple shortwave wire antennas. There is also a mini jack available for the AM and longwave bands.

This optional jack adapter changes the BNC to an SO-239 to accept a PL-259 plug.

## GP-5/SSB Gen3

The **CountyComm GP-5/SSB Gen 3** provides serious HF communications monitoring in a unique form factor and at a great price. The radio covers AM, shortwave 1700-30000 kHz and stereo FM. Unlike most radios in this price category, the GP-5/SSB provides LSB and USB single sideband reception. It has a *Easy Tuning Mode* that scans all frequencies without consuming memory spaces. So you get quick access to all local stations. There are also 550 regular memories (100 AM, 100 FM, 250 shortwave and 100 for SSB) available for your favorite stations. Another great feature is its removable external directional LW/MW ferrite antenna that clearly enhances AM band reception. This radio employs DSP technology, improving clarity and tone quality. There is an adjustable sleep timer. Requires three AA batteries (not included). It also has a 5V mini-USB DC input jack when using rechargeable AA batteries. Includes: LW/MW bar antenna, stereo ear buds, pouch, belt clip, wire antenna and manual. With effective SSB reception and compact size, it is a strong choice for preparedness applications. This latest Gen3 version adds colored keys, improved whip antenna, louder audio and longer run time. 2.1 x 6.3 x 1 inches 4.5 oz. Light gray case.
