Shortwave Receivers Past & Present Communications Receivers 1942-2013

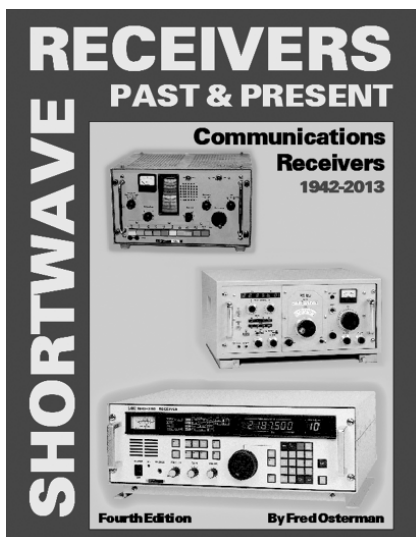

Fourth Edition By Fred Osterman

Universal Radio Research is pleased to announce the Fourth Edition of ***Shortwave Receivers Past & Present - Communications Receivers 1942-2013.***

This reference is designed for the radio collector, the informed receiver buyer or anyone interested in the history and development of shortwave radios. This 800 page publication covers communications receivers manufactured from 1942 to 2013. Over 1700 receivers from 360 domestic and international manufacturers are featured with commentary on an additional 1200 variants. Nearly 1000 radios have been added since the previous edition.

Information for most entries includes: receiver type, date sold, photograph, size & weight, features, reviews, specifications, new & used values, variants, value rating and availability.

Shortwave Receivers Past & Present will make the reader an instant receiver expert.

Shortwave Receivers Past and Present Communications Receivers 1942-2013

Fourth Edition

By Fred Osterman

©2014 Universal Radio Research

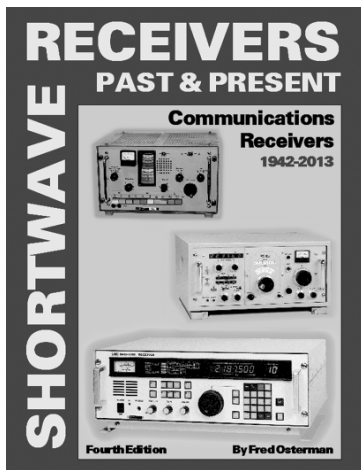

800 Pages 376 Chapters (See reverse)

1800 Photographs 8.5 by 11 inch 6 lbs.

Perfect Bound Color Hard Cover

Order #0004 ISBN 978-1-882123-02-5

Retail Price: \$49.95

CHAPTER LIST

- | | |
|-----|--|
| 1 | Introduction |
